

It Happened TODAY

The Nation

A close call of Hitler prior to 1930 is going to live in Winnipeg. It is Dr. Otto Strasser, who has been living in New York, Exiled from Germany after the Nazis had Hitler in 1930, Strasser has five times been denied permission to go back and to give a German "revival movement."

OTTO STRASSER
... To Winnipeg.

United Nations

Until Soviet Russia gives the former Allies their say in the running of the Kurile Islands, Port Arthur and Dairen, they will never be invited to help administer the former Italian Colonies in North Africa, That's what John Foster Dulles told Russia's Andrei Gromyko in the UN general assembly.

Cold War

Russia is turning the heat on Germany with relatives in the Western Zone of the occupied Reich. They have actually expelled some Germans from the Eastern zone. Cutting off of relief food supplies is one method used.

Politics

Premier T. C. Douglas of Saskatchewan told an Ottawa CCF audience the federal government is "doing nothing to meet the rising economic situation." He said reports are dropping and there are no plans to meet coming gigantic problems he charged.

United States

It was certainly no surprise—the long rumored resignation of Army Secretary Kenneth C. Royall. President Truman is keeping up the mystery. By announcing no successor, Royall has often been at odds with administration policy.

Atlantic Pact

Violence of subterfuge against the Atlantic Pact by Communists throughout the world demonstrates the extent of the pact's accomplishment. That's what Canada's ambassador

Prime Ministers Open India Talks

Conference on Status After Freedom Called Crucial

Hume Wrong told a Denver audience of International Relations Clubs. Despite the oft-repeated slogan that the pact is for making war, only Communists are taken in by such nonsense.

People

Toronto Alderman Charles Sims has been expelled from the Canadian Legion for being a "subversive." Communists. Sims has been a member of the Legion since 1942.

There has been a border incident along Canada's undeveloped frontier that has Canadian customs officials scratching their heads. An American tourist motored into Rainy River Customs house to check in. Canadian officials asked how he got there and he said he had crossed the border "across the CNR bridge." He had driven along the top of the track between the American side.

J. Lawrence, a well-known Winnipeg war veteran, is linked at treatment received from the Canadian government and he doesn't care who knows it. He refused to shake hands with Prime Minister St. Laurent at Dyer Lodge veterans hospital. The Prime Minister turned down at length and then wished the veterans a speedy recovery.

KENNETH ROYALL
... To Ottawa Street.

Education

British Columbia want no part of the controversial religious instruction in schools subject. The B.C. Teachers Federation has turned down a resolution asking Bible story books be placed in class rooms.

Manners & Morals

New York State has struck a legal blow at baby black marketing. Bills passed by the legislature in Albany make it an offence for anyone or organization not authorized to accept fees for placing children for adoption. Hospitals and hospitals must report all adoptions to the state commissioner of health.

Coarse Grains Bill Approved in Manitoba

WINNIPEG, Man., April 22.—(BUP)—The way was clear today for the Dominion government to place the marketing of coarse grains under the Canadian Wheat Board.

PASSED IN ALBERTA
Similar enabling legislation was passed by Saskatchewan and Alberta earlier this year.

The Manitoba legislation was introduced as a private bill to enable members to vote representative of parties.

The vote, 36 to 12, saw four cabinet ministers opposed passage of the bill.

NAMES OF FOUR
The four were attorney general J. O. McLaughlin; mines and resources minister J. R. McEwen; education minister C. B. Smith; and labor minister C. E. Greer.

Before 1910 the Swedish rulers were known as kings of Upsala.

Dodd's Kidney Pills

Power Break Hits Regina

REGINA, April 22.—(CP)—Light came back on in Regina late yesterday after 4 1/2 hours of confusion. The power break occurred when a high-voltage line in the plant sent 4,000 volts of electricity through a 110-volt instrument panel, smashing indicators and gauges.

Two of three gauges were damaged through power being sent down by the force of the explosion. The break occurred at 11:45 a.m. Regina radio station CKRM was down for a short time.

HITS ALL ACTIVITIES
The break paralyzed industrial and business activity in Regina. Representations were felt as far as Indian Head and Moose Jaw, 50 miles from here, both towns receiving no power over their section of the Saskatchewan power company's lines.

Regina radio stations CKRM and CKRM were off the air for the whole period. Street cars and trolley buses were left stranded. Railway services were only cold trucks and heavy closed. Building elevators were stalled.

Leader Post evening editions like the street more than 24 hours later. City bakeries were heavy losses at a loss of 100 pounds of dough.

At least one chick hatchery expected "considerable loss."

Miner Killed By Rock Fall
DUMFRIES, April 22.—(CP)—John Koutas, 31, mineman at the Commander coal mine, some three miles west of Drumheller, was instantly killed last night by a fall of rock.

mineral was coming out of the mine on a run when he was crushed against his motor by the rock fall.

He is survived by a sister, Mrs. Mike Wachowicz, of Newcastle, Alta.

An inquest into the accident will be held here tomorrow.

Deaths Yesterday
By The Canadian Press
TORONTO.—Sister W. Thompson, 82, vice-president of the Toronto Irishworking group of Thompson and Sons, Ltd.

LONDON.—Sir George Chester, 82, British trade union leader.

TORONTO.—Miss Rev. Malcolm M. Harding, 80, former Anglican Archbishop of Rupert's Land.

FISHGUARD, Wales.—Sir Evan Davies Jones, 60, government official and author.

LONDON.—Sir Walter Russell, 61, British landscape and portrait painter.

TORIES WIN WEDDING FOR U.K. GIRL

READING, England, April 22.—(AP)—Dorcas Blackwell told the Reading Times that her parents wouldn't let her marry Ronald Wilson until after the 1950 general election, because they are afraid the Conservatives might win.

Her father, a Labor-party activist, said he is there would be thousands of unemployed and hungry people if the Tories won.

The girl, 18-year-old Dorcas, said she would go ahead and marry Wilson. The decision was handed down by the chairman, G. S. Field—a Conservative.

Fire Bosses To Get Fund

CALGARY, April 22.—(CP)—Provision for a welfare fund is contained in an agreement signed by the Drumheller local of the National Fire Bosses' Association and Dominion Coal Company.

The fund is the welfare provision of its kind for fire bosses in North America, Mr. McElroy said.

Similar to the one in effect in Alberta for the United Mine Workers of America, it will be based on the CMAA membership and retroactive to 1946. It is the first welfare provision of its kind for fire bosses in North America, Mr. McElroy said.

A wage increase of 50 cents an hour is included in the new agreement raising the daily wage to \$12.50 a day.

The CMAA welfare fund is financed by a levy of 15 cents a ton on coal produced.

Leslie Roberts Will Speak In City

Leslie Roberts, Canadian author who travelled in nine countries in Europe including USSR, will speak at the National Club on Tuesday, April 26, at 8:15 p.m.

Mr. Roberts is speaking under the auspices of the Edmonton Branch of the United Nations Society. His most recent published book is Home from the Cold Wars.

Drunk Strike Ends

BIRKENHEAD, England, April 22.—(Reuters)—Some 1,300 Birkenhead dockworkers returned to work yesterday after a one-day strike which held up the handling of nine ships. The strike concerned vacation pay.

Abbott Lauds Wheat Trade

PRINCE ALBERT, Sask., April 22.—(CP)—The current wheat contract with Great Britain has produced the greatest stability ever known in wheat prices, finance Minister Douglas Abbott said at a public meeting here last night.

Mr. Abbott was speaking in support of F. H. Borne, who was named Liberal candidate at a meeting here earlier today.

He referred to the "diplomatic outlook prevailing for wheat prices at the end of the recent war. A decline was in sight and the government felt western farmers would forego large immediate gains if they could be shown a profit accruing over a longer period.

It was with this in mind that the wheat covenant with Britain had been formulated.

Predictions held true and farmers who supported the move have benefited by a steady rise in prices.

A second benefit is now becoming apparent in the payment of participation dividends, he said.

\$80,000 Loss In Czar Fire

(Continued from Page 1)
mass of roaring flames. Driven by the high wind, flames swept to the National grain elevator directly to the east and it too was soon doomed.

Searle Grain elevator was blazing on the west when fire was finally brought under control.

Shortage of hose made it impossible to save the Searle elevator. Water from CPM water tanks and a locomotive in the town at the time was played on the blaze.

Pool and National elevators were valued at \$20,000 each. Pool had 10,000 bushels of wheat and 2,700 bushels of coarse grain stored. In the National were 8,000 bushels of wheat and 1,000 bushels of coarse grain.

L. P. Lawson is agent for Pool and D. P. Brown for National. Searle contained 5,000 bushels of grain.

Early Start Seen On Gov't Building

Cost Said Bordering
On \$2 Million Bracket

Modified plans for an Alberta government administration building call for a new structure on 98 avenue and 100 street. It was learned today.

Way has been cleared for the provincial government to get civil permanent to clear the line between 108 and 109 street, but an official application has been made up to today for that purpose.

Tenants in the houses of the property affected, said to have been asked to vacate by July 1.

The new building is expected to face south toward the river and legislative buildings and to run along the east-west direction.

Public works officials were reticent as to costs on the new building, but other authorities suggested the new office space would cost nearly \$2,000,000 before completion.

It was suggested that tenders for excavating and foundation work would be called for in the near future, but this rumor was also discounted by public works officials.

Plans have been made for a separate building on 109 street, across 98 avenue from the present administration building, just where the block demanded high prices for their bids.

A later suggestion that 98 avenue be closed off was also rejected when the city objected.

In the estimates tabled in the city last year the \$200,000 was set aside for a start on construction.

Mounting HSA Plans Meeting
Mouton Home and School Association will hold the final meeting for this year Monday.

Program will include election of officers for the coming term, reports from delegates to the Old convention, moving pictures in technique and a social evening.

QUEST SPEAKER
Cpl. Herb Silver of the baroque squad addressed members of the 'Dreadful' Association at Edmonton at a meeting last night.

ON VISIT
President of the Bird-Archer Co. Ltd., chemical manufacturers, H. C. Harrigan of Montreal, is in Edmonton today on a routine annual visit.

WINS POST
Edmonton coal company manager, A. C. Dunn, was elected president of the Domestic Coal Operators Association of Western Canada, meeting at Calgary this week.

GETS DIVORCE
Decree nisi of divorce was granted in supreme court today by Mr. Justice C. J. Ford to Mary V. Van Camp from Murray Van Camp.

IN CITY
George Cristall, secretary of the York Hotel, Calgary, and his son Norman, are spending a few days in Edmonton.

Chamber Plans Short Course
Inauguration of a western conference of the Canadian Institute for Board and Chamber Secretaries in Edmonton was announced today by H. Gordon Love, vice-president for Alberta of the Canadian Chamber of Commerce.

The session will be held at the University of Alberta from May 23 to May 25 and will cover a wide range of subjects including such matters as civil activities, finances, agricultural activities, employee relations, tourist activities, public relations, industrial activities, meetings and committee management.

The purpose of the western conference will be to provide board and chamber secretaries throughout Western Canada with an opportunity to bring themselves up to date on the latest developments and techniques in their field of work. A similar institute has been held for the last two years at McMaster University, Hamilton, Ont.

From each of the colored people, Miss Elzinga is staying with her brother, Peter, and his wife, at 1096 R. avenue.

Meeting Planned
Names for the trade publication of the newly-formed Edmonton Club of Printing House Craftsmen will be suggested when the club meets Tuesday at the Chamber.

The meeting will begin at 7 p.m.

Tilly's PUZZLE CORNER
I am hidden in some of the above pictures. Find me 7 times and win a set of five little fairy story books, beautifully illustrated in full color and so easy to read. Children love them.

Just mark the seven faces you find with an 'X' and mail to us with the form for postage and mailing. Tilly Tilt is enclosing a different story picture in each picture. See how delicious and welcome Tilly Tilt is now, so here is your opportunity to start a collection of all 30 of these delightful little books by winning five this easy way. The prize will be mailed to you as soon as you mail your completed puzzle in Tilly Tilt's Puzzle Corner, 1111 Wharfside Rd., London, Ontario.

The display will begin at 8 p.m. The public is invited to attend.

Groups participating will include the Edmonton String Orchestra, Women's Lyric Club, Edmonton Welsh Male Choir, Edmonton Creche, Edmonton Gym Club, Edmonton Roller Skating Club, Edmonton Table Tennis Association, and the Recreation Commission Wrestling Club.

During the program awards will be made to Community League hockey titlists and to finalists in the recent table tennis tournament.

Judge Finds Basis For Charge Lacking

Stating there was no basis for the criminal charge against the accused Mr. Justice Hugh John Macdonald in supreme court today found J. Laing, Edmonton, not guilty of a theft charge.

Laing was charged with theft of furniture valued at \$455 property of Mrs. Ellen L. Laing.

Dismantling the charge Mr. Justice Macdonald said "I would have dismissed this charge at the end of the Crown's case had application been made."

"If there were any rights to be asserted by the complainant as to ownership of the chattels, a civil action should have been the proper place for the complainant to assert such rights."

"I believe I am being charitable to the complainant, Mrs. Laing, when I say that I think the accident she has been involved in must have seriously impaired her faculty of memory."

Unfortunately charged with criminal offence usually leaves as inadmissible state so to speak on the character of the person charged irrespective of the outcome."

"Under the circumstance: I am adding that it is my view there is no basis for the criminal charge against the accused," the judge stated as he dismissed the charge.

Credit Unions Need Planning

Alberta's 262 Credit Unions need long-range policies with which they can organize themselves into district and regional unions.

This action was urged last night before a meeting of the Edmonton District chapter of the Credit Union League by Lawrence H. Herbert deputy supervisor of Alberta credit unions.

Mr. Herbert in tracing growth of the movement, said organization would provide greater service to the people and unions themselves.

He pointed out that past experience has shown some unions have fallen apart shortly after organization because of lack of assistance and co-ordination which could have been afforded by district supervision.

"Of checking services" offered by province Alberta unions, Mr. Herbert stated they have proved "highly successful" to date, offering numerous yearly fund-raising drives.

Education for Coal Mining?

Bridge

By Webster

A group of school division officers from the coal-mining areas of Alberta are at present conferring with the provincial government department of education about ways and means of establishing a series of high school courses in mining.

It can only be presumed from this that the intention is to train these teen-agers, who usually range in age from about 14 to 19 years, in the art of coal mining. The intention is to prepare them, by giving them a solid foundation upon which to build their knowledge, for further training in mining engineering, geology and the allied fields such as metallurgy and ceramics, well and good.

If, however, the intention is merely to short circuit them via the muck stick into making a choice of vocation which they might later regret, the people of Alberta should vehemently oppose any such plan.

It is proposed to make the courses available to students in grades 10, 11 and 12. How many students at that age know

definitely and with adult surety, how to select their lifetime work?

With every passing day we find educators, particularly the top ranking ones who are not just teachers but who are successful teachers, vigorously denouncing the two-technical education. A youth with a technical education is not qualified for life, and the bitter moment often comes when one of them realizes his techniques are only useful for doing something which he loathes. This is stark tragedy.

On the other hand, we are given the picture of training increasing numbers of youth for an industry which every day is facing unemployment from the shut-downs and due to the present economic situation, and with no immediate relief in sight.

Again, the mines of Canada have never suffered adversity from a labor shortage. And the men who work there, from pick-and-shovel expert on the track-gang to motorman to lift operator to the actual miners themselves, were trained in the best mining school there is—underground.

Suggestive Books Need Fumigation

Concern expressed by educational groups about the literary and moral quality of dime comic books is well-founded. Appeared these trashy publications to youngsters attending junior high schools or high schools is great—and regrettable.

Publishers of these books have announced there will be a house-cleaning. That is a belated—but welcome—announcement. Results of expressed good intention will be awaited with interest.

But there's another class of book being sold at newsstands could stand a thorough fumigation.

These are many of the popular pocket book size novels being retailed at a quarter-dollar everywhere in Canada.

Lurid details of crimes of passion, morally and aesthetically objectionable from any point of view, are given in vivid prose.

These books appeal to wider and more mature audience than the dime comics. It

is easy to picture high school boys and girls slipping these unpleasant pieces of fiction into coat pockets and whispering in corners of a new discovery in vice.

It's easy to picture but not pleasant. There are scores of pocket novels of course which are reprints of famous classics, and of deserving best-sellers. There are splendid anthologies of verse. There are cook-books, and every other variety of literature, including the bad.

It has been suggested the books should be plainly marked in some way the same manner as are movie pictures for adults—or for family consumption. But even that wouldn't solve the problem.

What is needed is a shake-up in the publishing world so that printers of pocket-books would take a similar stand to that of comic-book publishers.

What is also needed is an intensive educational campaign among the youth, so that some discrimination can be practiced on choice of reading.

If the Owl Car Vanishes

Edmonton citizens, already hardened to curtailment of civil liberties, have found an additional "beef" if the city council accepts suggestion that "owl service" street cars make last runs at one o'clock instead of two.

It may be quite true that an average of only 285 passengers ride the owl service after one o'clock earlier this spring and that the transit system, as a result lost \$15,400.

But surely the transit system is intended to operate as a service. The saving to Edmonton's citizens which will result

from cancelling the owl cars is more apparent than real.

Edmonton is a widespread city. It is difficult and incredibly dull to be forced to walk to many of the residential areas in the early hours of the morning.

What is also needed is an intensive educational campaign among the youth, so that some discrimination can be practiced on choice of reading.

But surely the transit system is intended to operate as a service. The saving to Edmonton's citizens which will result

Board Walk That

Just Doesn't Go

Anywhere At All

With the board walk I am con-

sidering to break out in inter-

est in the past, on reaching that

dreaded blank wall known as

Nothing to Write About, there is

something about an inflexible en-

scape. I merely had to Build

Something and record the re-

sult. And now that it is be-

hind me.

Earlier, or harder, readers of

this pillar may recall the com-

struction details of the do-or-

die house, or the statue mak-

ing step-ladder or my 40-day

stagnation with the defective

masonry.

These sagas of Man Against

the Inhuman, man religiously

ly, under the heading of humor

since very large sections of the

population loves nothing better

than hearing about somebody

else making a fool of himself.

The idea was to put the square

piece of ground out behind the

house in grass and the house

came as close to fruition as any

thing I have ever done. The

idea was to put the square

piece of ground out behind the

house in grass and the house

came as close to fruition as any

thing I have ever done. The

idea was to put the square

piece of ground out behind the

house in grass and the house

came as close to fruition as any

thing I have ever done. The

idea was to put the square

piece of ground out behind the

house in grass and the house

came as close to fruition as any

thing I have ever done. The

idea was to put the square

piece of ground out behind the

house in grass and the house

came as close to fruition as any

thing I have ever done. The

idea was to put the square

piece of ground out behind the

Forest Rangers

Take Beating

Forest Ranger. — Congratulations

to W. E. E. Morinville on his

letter, Civil Servants Pay recent-

ly published in one of Edmon-

ton's newspapers. His letter is to

be a highly commendable except

that he was wrong in assuming all

departments have cars. Fairly

well all the departments have

cars except the Department of

Lands and Forests.

In the Forestry Department

cars are issued to the privileged

few who have more bladders on

their posterior ends than on the

bottom of their bladders. And

in other words, cars are issued

to those who do very little travel

while patrolling on forestry

grounds. Those who do a great

deal of travel, and who are

often away from their homes for

long periods of time, are not

issued cars. This is a very

unfair system, and it is

highly probable that it will

be changed in the near future.

The forestry department

is a very important part of

the government, and it is

highly probable that it will

be changed in the near future.

FIRST TWO MILLION miles are toughest, says veteran Northland Arrow bus driver Bill Seaton, who has driven passengers over Alberta roads since 1922. Now working on his "third million," Seaton recalls when friendly farmers used to put up snow-stranded riders, allow drivers to cut across wheat-fields through a hole in the fence; shovel and push heavy buses out of 15-foot snowdrifts. "Things have changed," he says.

Bus Driver's Log Totals 4-Round-Trips to Moon

By Paul Hurnmes

Two-million-mile bus-driver Bill Seaton figures Alberta farmers were more friendly and co-operative during the good old days 25 years ago. At least, they never complained when impassable "trial" forced him and other harassed drivers to knock down fences, cut through wheat fields and generally make an all-round practice of "property trespassing."

"In fact," Seaton recalls, "when we had to back 18 foot snowdrifts, we often have the assistance of farmers' families who would come to our rescue armed with shovels."

DRIVING SINCE 1922
A driver with Northland Arrow Lines since 1922, the 50-year-old veteran has logged more than 2,000,000 miles all over the continent.

During his years on the road, Seaton has had only two minor accidents, and they weren't his fault. Once, when an axle broke he was forced into the ditch, and a second time, he swerved to avoid hitting a tractor on which two youngsters were playing.

He's never nagged a traffic cop into giving him a ticket, either. Bill remembers the days when it took him three days to drive the 60-mile distance to Birchhead. Rough roads—practically cow trails—were and could force him to inch along at a 20-mile-a-day rate at times.

Passengers had either to "sleep in the old box" or in nearby barn-houses. And once again he recalls the friendliness of the rural inhabitants, always ready to "come to the rescue."

Dick Cameron Joins Staff Of Sterling

The management of Sterling Furniture Co. Ltd. announce today the appointment of Dick Cameron to their sales staff. Mr. Cameron recently returned to Edmonton after two years at the Pacific coast.

A veteran of the First Great War, Mr. Cameron has had over twenty years experience in the furniture business in this city.

He is anticipating meeting many old friends and acquaintances at his new business location. —Adv.

LER Band Wins Praise

High praise for the battalion band of the Royal Edmonton Regiment was expressed recently by B. L. Streeter, Inspector of bands for the Canadian Army, during a visit here.

Major Streeter said the local group includes best personnel and shows outstanding promise for the future. Bandmaster is I. M. Jackinsky and business manager is Sgt. C. Wright.

Officers of the Regiment announced several promotions recently, including Pte. D. R. Upton, promoted to acting sergeant, Pte. K. M. Dickenson, E. W. Miles, D. G. Ryley, H. G. Tord and F. A. Munson promoted to corporals. Pte. J. H. K. McInerney becomes acting corporal.

Bargains Galore At Police Auction

Everything from tricycles to barb wire will go on sale Saturday when Edmonton Police Department holds its annual auction sale of unclaimed goods.

The sale to be held on 99 street opposite the Civic Hotel, will be handled by Auctioneer Arthur Road. Included in a long list of articles unclaimed during the past year are 20 bicycles, 10 tricycles, a wheelbarrow, stoves, wire, barb wire, tools and clothing.

Proceeds from the annual auction sale will go to the Police Department.

College Founder Dies In East

A well-known Catholic brother who founded St. Joseph's College of the University of Alberta, Brother Alfred, died at Toronto, Wednesday, it was learned here.

A native of Redwood, Ont., Brother Alfred lived in Edmonton for a number of years, and in 1911 came through the province for erection of the present structure on the University campus.

He also was founder of St. Basil's College in Toronto, which was built in 1923.

Brother Alfred left Edmonton in 1927.

CONTEST IS OPEN TO ANY RESIDENT OF CANADA, excepting: (a) persons who have won \$100.00 or more in any Contest; (b) any member of his or her family; (c) any person accepting aid from an individual not eligible to enter contest for above named reason. Also exclude are all persons of "INTERMEDIUM MAGAZINE," or members of their families.

TEAR OFF HERE
WHAT YOU HAVE TO DO
Here's how to solve the puzzle. Take the number of the column containing the wheel and write 1/2 of these numbers in the 12 circles on the rim of the wheel. Arrange these numbers so that a straight line (including the number 5) to add to 10 will give 15 in position. You may enter any numbers and mail in any correct solution you have obtained for use.

"Out of the High Rent District to Save You Money"

LOTS OF TIME had J. A. Poulin of Timmins, standing beside the 21,000 toothpick and 17 tubes of glue which he moulded into a miniature ferris-wheel in two months of spare hours. The model stands four feet high with 17 tiny cabins and centre axle on which it revolves. One toothpick out of place would have put the entire wheel out of balance.

PRIMATE PRAISES ARCHBISHOP HARDING

HALIFAX, April 22.—(CP)—Most former Archbishop of Rupert's River, George Frederick Kingston, Lord who retired from active religious archbishop of Nova Scotia in 1945. "He was a priest of the church and primate of all Canada, paid the 'divine tribute to Most Rev. St. M. Harding, former Anglican archbishop of Rupert's Land, who died yesterday at Toronto. "The Church of England in Canada from coast to coast highly honors the name of the late archbishop and metropolitan gave him a high place in determining the

Roman Catholics Given New Dogma

Revised Catechism Mentions
Television, Mercy Killings

WASHINGTON, April 22.—(UP)—The "heresy" charges raised against Boston College by three discharged teachers and a Jesuit priest, were repudiated officially today in a new Catechism issued by the Roman Catholic hierarchy in the United States.

Released by the Congregation of the Holy Office after 15 years of preparation, the 686-page book covers the basic dogma of the church for 25,000,000 Catholics in the United States.

It is the first revision in more than 60 years of the "Baltimore catechism" which has been the church's standard text book for American high school and adult religious classes since the 1880s.

DOGMA NOT CHANGED
Catholic dogma is not changed in the new catechism, but the book contains new applications of doctrine to modern problems, such as labor relations, communism, mercy killings, atom bombing, patriotic duties and television church services. No Catholic can "attend" mass by television if he is able to go to church.

The textbook clarifies the doctrine of "outside the church there is no salvation" which figured in the recent Boston college case. The three teachers and Father Leonard Fessby, S.J., accused the Catholic college of teaching heresy by holding that persons could be saved outside the Catholic church. Father Fessby has been "silenced" by the Archbishop of Boston for his part in the controversy.

ARCHBISHOP UPHOLDS
The catechism upholds the college and the Archbishop, saying that the doctrine "does not mean that everyone who is not a Catholic will be condemned." "It does mean that no one can be saved unless he belongs in some manner to the Catholic church," policy of the church, not only in his own ecclesiastical province but throughout the whole of Canada. "The House of Bishops and the General Synod have profited greatly by his creative mind and soul."

according to their agreement, and to guard against injuring their property or reputation. . . . The duty of employers to their servants or workmen is to see that they are kindly and fairly treated and justly paid their wages at the proper time.

NEWEST RULING

The 1949 revision says: "Employers who defraud laborers by not paying them a just wage keep what belongs to others and are guilty of grave injustice not only to the employee but also to members of his family. This injustice can cause serious loss in the domestic life as well as in the social life of a community. Employers who waste time during working hours, do careless work, or neglect to take reasonable care of the property of their employees violate the Seventh Commandment: 'Thou shalt not steal.'"

The catechism also warns against "being in debt."

Canadian Frigate Recommissioned

OTTAWA, April 22.—(CP)—Lt. J. E. Kewling, B.L. of Montreal and Vancouver, has been appointed commanding officer of the frigate Beakon Hill, which will be recommissioned at Esquimalt, B.C., May 14. It was announced yesterday by naval headquarters.

The ship, first commissioned in 1944, was placed in reserve at Esquimalt in 1946. The vessel will be used for training purposes.

According to historical records, guns were used by the Chinese as early as 1288 A.D.

The new
Chrysler

All That Your Discriminating Taste Demands

... the car that gives you motoring at its stylish best. You'll notice many Chrysler-Engineered advancements that make it the safest, smoothest, most comfortable Chrysler ... ever! You'll appreciate its new dimensions. Wheelbase is 4" longer and interior roomier, yet its overall length is almost 6" shorter. The new Chrysler is easier to handle in traffic ... easier to park ... on the street, in the lot, or in your garage.

With Chrysler, gear shifting takes a holiday! In the Chrysler Royal, nimble power is smoothly transmitted through the oil of Fluid Drive and gear shifting is minimized. The Chrysler Windsor, with "Presto-Matic" transmission, lets you drive without shifting gears.

Choose one of the beautiful Chrysler models and you'll really feel proud as people you meet remark—

"I see you drive a Chrysler"

DRIVE SMOOTHLY—EFFORTLESSLY
WITH
Fluid Drive
Standard equipment on Chrysler ROYAL models.
Minimum gear shifting.
AND
Presto-Matic Transmission
Standard equipment on Chrysler WINDSOR models.
Let you drive without shifting gears.

NEW ADVENTURE is "Red Stallion in the Rockies" now showing at Edmonton's Rialto theatre. Filmed in Cinecolor against gorgeous mountain backgrounds, the new adventure of Red Stallion features a cleverly photographed horse and deer fight.

Ottawa Outlook on Coal Good Despite Alta. Gloom

OTTAWA, April 22.—(CP)—Federal authorities say the outlook is good for Canada's coal industry.

Despite some regional predictions that hard times are ahead—notably from Alberta—these officials say they can see no cause for gloom in the 25,000-man industry.

To back up this view, they point to a near-record output and consumption last year, followed by an even better rate of production in the first quarter of 1949.

EXPANDED MARKETS

The government's Dominion Coal Board is working to expand markets and co-operating with operators in measures to prevent widespread colliery business against the day when markets may tighten.

Board chairman W. E. Uren says that day is not in prospect yet despite western anxiety over the possible encroachment of the Dominion's expanded oil production on coal markets.

It may come some time in the future. But at the moment the board points out that the railroads, largest individual coal consumers, are ordering more coal this year than in 1948, despite a big-scale program for conversion from steam to oil-burning diesel power.

At present, the Canadian National Railways are using oil burners in the

the mountain region, switching to diesel yard engines and planning to convert all its Prince Edward Island line to oil—a move that would cut down consumption of maritime coal.

The Canadian Pacific Railways are converting 100 engines from coal to oil for the mountain and western regions, to use fuel available in the Alberta field.

Despite these inroads, 1948 rail coal consumption was still slightly up from the year before.

For the last year, the total output from Canadian collieries was 33,430,000 tons. Consumption was roughly the same.

\$200,000 Fire

PETAUAWA, Ont., April 22.—(CP)—Fire of undetermined origin yesterday raged through the largest drill hall at this army training center, a few miles north of Pembroke, Ont., causing damage estimated in the neighborhood of \$200,000.

At present, the Canadian National Railways are using oil burners in the

Inside Hollywood

By Bob Thomas

HOLLYWOOD.—(AP)—William Powell, still a top star after nearly 30 years in the movies, says he's here to stay.

"I guess I've got too much ham to go to retire," he admitted on the "Bandwagon" set. He said he tried to back in 1924, when he was 34, with money and popularity. For four months he loitered around the Riviera.

"I couldn't take it any longer than that," he said. "I was tired to death. Maybe I just don't have enough blue blood to be a playboy."

CARSON UNHAPPY

Dennis Morgan indicates a death knell has been sounded for his "Two Guys and a Girl" and "Doris Day" has been retitled "What a Wonderful Feeling."

Meanwhile, Carson goes to Columbia for "Good Humor Man" and is vocal about his unhappiness with Warners. He doesn't like the break-off he has been given in recent pictures there.

Barbara Stanwyck as an author, "The Lady in the Lake," has the news flooded me, too. But she said in the "File On This" column set she is already at work on a novel about modern marriage. And she's thinking of penning her memoirs. Self-educated, she's an avid reader—about 20 books a month.

Gloria Pleased

Gloria DeHaven is happy at MGM. After years of discontent, she claimed the didn't have a friend at the studio, but now she's getting some attention. She goes into "Summer Stock" with George Kelly and Jane Bryan. Remember how wonderful the girls were in "Two Girls and a Cradle"? Then Jane said ahead and Gloria got lost.

James Mason may do "Fathers and the Flying Dutchman" next. The provocative Britisher was added on "The Black Wall" set whether he preferred English or U.S. films. His answer: "I've always been a Hollywood fan. Its films are better entertainment."

CAPSULE REVIEW

"The Stratton Story" (MGM) is a warmly human account of the Texas baseball pitcher who landed in the penitentiary for the interest in his fine, sentimental story, rather than by brilliant in writing or action. The greatest asset is the person.

Pile Sufferers

Don't let all your pile sufferings go unrelieved. For 20 years, since they first came out, Penman's pile sufferers have been getting relief from the Penman's pile sufferers.

James Mason may do "Fathers and the Flying Dutchman" next. The provocative Britisher was added on "The Black Wall" set whether he preferred English or U.S. films. His answer: "I've always been a Hollywood fan. Its films are better entertainment."

CAPSULE REVIEW

Pile Sufferers

Don't let all your pile sufferings go unrelieved. For 20 years, since they first came out, Penman's pile sufferers have been getting relief from the Penman's pile sufferers.

Million Further Voters Forecast

Newfoundlanders, British Immigrants Are Included

OTTAWA, April 22.—(BUP)—Ottawa officials estimate there will be a million-odd new Canadian electors for the coming federal election.

The new voters, they say, will be made up of Canadians who have reached their 21st birthday since 1945, British immigrants who have been in Canada for 12 months or more, and Newfoundlanders.

In the last general election, there were 6,852,000 names on the voters list and while this will be decreased some by voters who have died since 1945, these new voters will still increase the list considerably.

48 DAYS FOR LISTS

The Liberals and Progressive Conservatives generally elapse between dissolution of parliament and voting day. By law, enumeration of voters begins on the 48th day before polling, followed by the printing of the lists.

The electoral battle will be fought by the four major political parties and there is every indication that this election will be very warmly contested.

The Liberals and Progressive Conservatives promise to have candidates in every riding. The CCF claim they will put up over 200 candidates, while the Social Credit party promises a three-point number of hopeful potential MPs. There will also be a number of "independents."

262 SEATS IN HOUSE

The new parliament will have 262 seats, an increase of 17 over the present parliament. The new seats were added with the redistribution shortly after the 1945 election. Seven new seats were added with the entry of Newfoundland into Confederation.

The biggest increase in provincial representation was in Quebec. The province's allotment was increased from the traditional 65 to 73. Ontario under the redistribution will elect 82 members to the commons instead of 80.

Other increases were, two in British Columbia from 16 to 18, and one in Nova Scotia from 12 to 13.

CURTAIN TIME

CAPITOL — "A CONNECTICUT YANKEE IN KING ARTHUR'S COURT." Features at 1:35, 3:35, 5:35, 7:35, 9:35.

RIALTO — "RED STALLION IN THE ROCKIES." Features at 1:30, 3:30, 5:30, 7:30, 9:30.

EMPIRE — "SON OF GODS COUNTRY." At 11:00, 1:30, 4:00, 6:30, 8:30.

"MELODY TIME" at 12:30, 2:40, 5:10, 7:40, 10:10.

STRAND — "GRAND CANYON TRAIL" plus "BOSTON BLACKIE'S CHINESE ADVENTURE."

Two provinces each lost one, Manitoba dropped from 17 to 16, and Saskatchewan from 21 to 20.

Alberta kept the same number of seats with 27, as did New Brunswick with 16, Prince Edward Island with four, and the Yukon with one.

U.K., Australia Are 3rd War Flat Tops

MELBOURNE, April 22.—(Reuters)—Immigration Minister Arthur Calwell of Australia said yesterday in event of a third world war "it seems probable that the United States will be forced to use Great Britain and Japan as giant aircraft carriers."

Addressing the Royal Empire Society, Calwell added that in such a case it was certain that Japan would be re-armed.

Psychiatrist To Examine Young Bandit

VANCOUVER, April 22.—(CP)—A psychiatrist will examine a 16-year-old junior bank clerk before the hearing of a charge of armed robbery against the boy will be proceeded with in juvenile court.

Judge Mackenzie Matheson yesterday adjourned hearing of the case to permit the examination.

The youth is charged with holding up the teller in the Bank of

Bustling oil centre of Devon has just about everything a town needs except a bridge across the Saskatchewan river. Huge amount of traffic for Woodhead and Golden Spike oil fields just across the river has to depend on single ferry. Heavily-loaded ferry takes only six vehicles at most and there's usually lineup of waiting trucks and cars. Ferry service resumed yesterday after spring breakup. —Photo by Black.

Speakers at Reds Peace Congress Denounce U.S.

BRIDGE Success Depends On Correct Play

By William E. McKenney
I was chatting with Elliott Lawrence, the famous young hand leader who was voted most popular band by colleges last year. He told me that he has played at 200 different colleges for their proms and social functions.

I asked him if he ever got tired of playing the rumba and jump music, and his answer was, "College students don't go for that. They like the old-time melodies and smooth music." As a matter of fact, he calls his music "Heart-to-Heart Music."
This brings to my mind the enthusiasm with which many college students are playing bridge. They have their own national tourna-

By Joseph E. Dynan
PARIS, April 22.—(AP)—Speakers at the Communist-dominated World Peace Congress yesterday denounced war, the United States state department, and "Yankee Imperialism," and praised peace, Prime Minister Stalin and the Soviet Union.

A group of non-Communist French leftists in Paris assailed the peace congress as one-sided. They banded together as the democratic revolutionary rally and developed plans for a world peace organization of their own, beginning with a mass meeting here April 30.

At the Communist-inspired congress speaker after speaker attacked the North Atlantic treaty, the Marshall Plan for European recovery and American policy in general. There were a few kind words for the "American people" as dis-

sent each year now, and I would bet that not many of them would slip up on the problem presented in today's hand.
The opening lead of the four of hearts is won in dummy with the king. Now if declarer leads the club of clubs and takes the finesse, he will lose the whole hand. South will win, lead back another heart and kill the dummy.
The correct play is to lead a small club from dummy, win it with the ace and lead back the three of clubs. South will have the win this trick. If he leads back another heart, it is won in dummy with the ace, another club is led and trumped by declarer, which establishes the whole club suit. Declarer will make six unless South is smart enough to cash the ace of diamonds when he is in with the queen of clubs. That would hold the hand to five-odd.

Reds Feint Again On Berlin Trade

West's Counter-Blockade Removal is Suggested

FRANKFURT, April 22.—(RUP)—Communists of western Germany in a new feint toward the lifting of the Berlin blockade proposed today that trade be renewed between east and west Germany.

Six Communist members of the 10-man economic council for the Anglo-American area called for resumption of trade at once through removal of the western counter-blockade of the Soviet zone. Western authorities have made it clear that the counter-blockade will be removed only when the Soviet blockade of Berlin is lifted.

TASS PROPOSAL MADE
In an apparent companion move, the Soviet Tass news agency in a Berlin dispatch said that restoration of normal trade in the four sectors of Berlin was "the sole road to salvation" for the city economy.

Western officials in Berlin reported that the economy in Soviet Berlin had been pinched sharply by the counter-blockade shutting off vital materials.
The Communist motion in the economic council said the economy of western Germany had been shackled, and accused the western powers of an economic policy serving the interests of foreign capitalists.

RUSS TRADE INCLUDED
It urged that after inter-annual trade is resumed, negotiations be undertaken for renewal of trade among Germany, the Soviet satellite and Russia proper.
Friedrich Riecher, Communist leader in the economic council, said he was pleased "by the apparently favorable attitude of the western powers toward the proposal."
Remembered that it had barely been delivered and had not been seen by any western officials, he said: "We know more about their hopes and intentions than you can imagine."

DEATH PENALTY COMES LATE

WINNIPEG, April 22.—(CP)—A 12-man jury of Public Parks board members ruled that Kitty the lioness, a favorite of the kiddies at Winnipeg's Assiniboine Park, should be killed.
They described her as "suffering from an intractable condition of her claws and being quite old."

Today the board members were told their decision had been quite in order, but a little late. Kitty had been killed three weeks ago.

Calgary Budget Ups Mill Rate To Record High

CALGARY, April 22.—(CP)—Calgary's largest civic budget, tentatively based on a mill rate of 30 mills above the previous high rate of 56 mills set in 1946, will be discussed by city council Monday.
Last year's tentative mill rate was also 30 mills, but was later reduced to 54 mills when \$27,000 from the land sales receipts and special reserves from the waterworks and electric light departments were used to lower the rate.
Under the proposed budget the city will have an estimated \$657,800 to spend this year due to a high assessment of \$14,000,000 and the high mill rate.

Bouncing Off the Springboard and Dropping Into the Water With a Canadian Diving Queen

PLAIN HEADER with a pike, or commonly called the jack-knife, got a going over from vivacious Mrs. Audrey Turner, Dominion senior ladies, three-meter spring board champion at NWAC pool yesterday.

BOUNCING OFF the board with a neat take off, Mrs. Turner, instructor at the Red Cross society's instructors' water safety school, is away on the quick journey which leads to a good dunking in the crystal-clear water.

COMING OUT of the jack-knife, she was snapped by staff photographer Peter Sullivan just after touching her toes, one of the high points of the dive. A Saskatoon lass, Mrs. Turner now resides at Redwater, where her hubby is an oil engineer.

STRAIGHTENING UP for the landing, Mrs. Turner points fingers down and pulls in head. Everything that follows is routine, except getting into the water without making with a big splash.

DOWN, DOWN and down she goes, where she will stop everybody knows. That water looks 'cold' but when you can drop into it like Mrs. Turner, there's nothing to fear.

HERE'S THAT big ducking we were talking about, as Mrs. Turner slips through the drink as gently as a pebble. An amateur, she volunteered her services at the Red Cross's annual school. She has held the Canadian title for the past three years.

Yankees Snatch 3rd Straight Win

NEW YORK, April 22—(CP)—New York Yankees made it three straight over Washington in the American Senators 2-1 on Hank Bauer's ninth-inning double. Tommy Yonke, yielding five hits

Interest Mounting As Derby Day Nears

Two weeks tomorrow, when the Kentucky Derby will be under way, interest in the race is mounting. The Kentucky Derby is the most important horse race in the world, and it is held annually in Louisville, Ky. The race is held on the first Saturday in May, and it is one of the most exciting events of the year. The Kentucky Derby is a 1.25-mile race, and it is one of the most difficult races to win. The Kentucky Derby is a very important race, and it is one of the most exciting events of the year. The Kentucky Derby is a 1.25-mile race, and it is one of the most difficult races to win. The Kentucky Derby is a very important race, and it is one of the most exciting events of the year.

LOWER TAX BOOM ON 'SHAMATEURS'

Hon. C. E. Gerhart, provincial secretary, said yesterday that a 10-per-cent amusement tax will be collected on all sports in Alberta this year where entertainment is provided by paid entertainers. This is taken to mean that Big Four baseball league fans will have to pay 10-per-cent more for their tickets this season while it is expected that a similar increase will be levied for witnessing Western Canada Senior Hockey league games and Western Conference football contests.

Annis Stukus Returns With 5 Grid Scalps

By Ken Wright
Annis Stukus, Edmonton Eskimo football coach, arrived back in the wild and woolly yesterday, with five scalps on his belt. Away a fortnight on a scouting trip to eastern Canada, Stukus returned with five grid scalps. Stukus, who is equally willing to give you a scalp as he is to take one, said he was looking for football players.

Tonight, the meeting of the Edmonton Eskimos and the Saskatchewan Roughriders, colloquially known as the Touchdown Club, will hear Mr. Stukus and paying members of the football club executive talk of the success or otherwise of the coach's efforts. Mr. Stukus, who is equally willing to give you a scalp as he is to take one, said he was looking for football players. He said he was looking for football players. He said he was looking for football players.

One of those who thrill the people who pay \$2.50 in the box seats to watch long passes is Ralph Barkley, quarterback who played for the Saskatchewan Roughriders. Barkley, who is equally willing to give you a scalp as he is to take one, said he was looking for football players. He said he was looking for football players. He said he was looking for football players.

Flying Forts Drub Caps to Even Round

Prove Big Things Come in Small Packages With 11-6 Victory

REGINA, April 22—(CP)—Fort Frances Canadians came back from the brink of elimination here last night to wallop Regina Capitals 11-6. Worst defeat suffered by the Caps this season, it dealocked the best-of-five western Canada senior hockey final at two games apiece. Fifth and sudden-death deciding game will be played Saturday night in Queen City Gardens, where the entire series is being held.

Little Willie Tonnato, 145-pound package of scoring dynamite led the Fort Frances attack with a hat-trick performance. Mike Hupchuk was in on two of Canadians goals. Others went to Harold Brayshaw, Jackie Marshall, Walter Christiansen, Vern O'Donnell, Dunc Johnston and Gordie Miller.

Regina's goals were distributed among Claude Stassen, Toby Brown, J. McDougall, Bill Kyle, Mel Hill and Lou Hauck. "We're going to be tough and we'll be out to show that big things come in small packages," Fort Frances coach Gordon Fraser predicted before the game. His team backed up his words with action. Canadians, who were expected to drop the contest by the "was money" began a five-man attack from the opening whistle. In coach Fraser's words, they "gave Caps a

Atlantic Pact Wins Support From CCF

National council of the CCF in Atlantic to support the Atlantic Pact, a resolution passed at the annual conference of the party in Atlantic City, N.J., last week.

The resolution, which was passed by a vote of 10 to 2, states that the CCF is in favor of the Atlantic Pact and that it will support the pact in the event of a vote in the United Nations.

THREE PLANKS

At the annual conference of the CCF in Atlantic City, N.J., last week, the party adopted three planks for its platform.

The first plank is the Atlantic Pact, which was passed by a vote of 10 to 2. The second plank is the United Nations, which was passed by a vote of 10 to 2.

The third plank is the United Nations, which was passed by a vote of 10 to 2.

Lacombe's Tax Rate 65 Mills This Year

LACOMBE April 22. Taxation rate on 1930-31 has been set by the Council, constitutes 1.000 per cent. of town of Lacombe. Reason for the raise over the expected or 81 mills estimated earlier, was a late decision to surmount \$5,000 on the construction of a new fire hall. 39

This sum, together with record totals in other fields, brings estimated expenditures in Lacombe this year to an all-time peak of

About \$17,000 can be raised by license fees, fines, license fees, etc., leaving some \$107,000 to be collected from the city.

The mill rate is nine mills higher than the 56 set last year. Levy

for school purposes this year comprises a little less than half of the total at 30 mills (24% last year) with 27 mills for municipal administration (23% last year).

Society Ships Clothing to Finns	Rotarians Plan Attend Convention
--	---

HANNA, April 22.—Hanna Dorcas and Benevolent Society has shipped 80 pounds of food and clothing to Finland. Discarded clothing was cleaned and repaired.

by the society members and many odd notions which are still hard to get in that country were added to the shipment. A second shipment will be sent off soon to Finland.

Always Travel with

Many experienced travellers the world over carry a bottle of ENO's "FRUIT SALT." Sudden changes of climate, food and water may cause

headaches due to constipation or various other upsets. A dash of ENO when needed helps provide comforting relief for such ailments and helps correct the sluggishness caused by lack of exercise on long tedious trips. Always keep a bottle of ENO's "FRUIT SALT" handy and take a sparkling dose before breakfast

when required, ENO is a pleasant corrective which helps keep your digestive system in order—ENO helps you eat, rest and feel better. You can buy ENO's
